FEATURED RELEASE

Fat vs Sugar

What's worse for you; fat or sugar? It's a question that's been generating huge amounts of heat in the world's media; from the outer reaches of the Internet to the front pages of the New York Times. So what's the scientific truth?

NEW PROGRAMMING

Sacred Wonders of Britain

Exploring major new discoveries about what our ancestors believed, this series reveals how these ancient people's view of the sacred meets our own today.

Byzantium: A Tale of Three Cities

Istanbul has been the capital city of three empires: Roman, Byzantine and Ottoman. Each has brought its own faiths, beliefs and traditions, as well as its own architecture.

Hidden Kingdoms

Chipmunks, elephant shrews, marmosets, scorpion mice, even giant rhinoceros beetles all face drama on a different scale. This series explores these worlds from a new and unique perspective.

Hands & Feet

Hands and feet have allowed us to manipulate and master the natural world. A team of anatomists will uncover the secrets of human hands and feet, revealing the importance of two of the most complex pieces of our anatomy.

Russia on Four Wheels

With millions of square miles of land, a wealth of natural resources, the largest automobile market in Europe, diverse borders and trading partners aplenty, Russia has the potential to become one of the richest and most dynamic nations on Earth.

Things You Need to Know Series 2

Uncovers the inner workings of your brain, Einstein's biggest mistake, the birth of the world's strongest material and the future of travel. Each programme poses key questions and answers about things you need to know.
